BOURNE GROUP HOME CONTRACT COMPLIANCE REVIEW

The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) conducted a Contract Compliance Review of Bourne Group Home (the Group Home) in February 2015. The Group Home has two sites located in the Fifth Supervisorial District and provides services to the County of Los Angeles DCFS placed children and Probation placed youth. According to the Group Home's program statement, its stated purpose is "to operate 'house model' group homes that provide protective physical environments for children with emotional and physical problems, sibling groups, probation-supervised youth, parenting teens, and youth transitioning to independent living."

The Group Home has two 6-bed homes and is licensed to serve a capacity of 12 male children, ages 12 through 17. At the time of review, the Group Home served 11 DCFS placed children. The placed children's overall average length of placement was 6 months and their average age was 15.

SUMMARY

During CAD's Contract Compliance Review, the interviewed children generally reported: feeling safe at the Group Home, having been provided with good care and appropriate services, being comfortable in their environment and treated with dignity and respect.

The Group Home was in full compliance with 8 of 10 sections of CAD's Contract Compliance Review: Maintenance of Required Documentation and Service Delivery; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; Discharged Children and Personnel Records.

CAD noted deficiencies in the areas of: Licensure/Contract Requirement, related to the Group Home not maintaining a vehicle in good repair; and Facility and Environment, related to the common

"To Enrich Lives Through Effective and Caring Service"

quarters and children's bedrooms not being well maintained and there were expired canned goods and gravy packages.

Attached are the details of CAD's review.

REVIEW OF REPORT

On March 17, 2015, Chinelo Maduiké, DCFS CAD and Aiyana Rios, Out-of-Home Care Management Division (OHCMD) held an Exit Conference with the Bourne Group Home representative, Timothy Tucker, Executive Director.

The Group Home's representative was in agreement with the review findings and recommendations, was receptive to implementing systemic changes to improve the Group Home's compliance with regulatory standards and was in agreement with addressing the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

The Group Home provided the attached approved CAP addressing the recommendations noted in this compliance report.

OHCMD provided technical assistance to the Group Home on March 20, 2015 to assist the Group Home with implementing their CAP. CAD conducted a follow-up visit to the Group Home on June 18, 2015 and verified implementation of the CAP.

**BOURNE GROUP HOME
CONTRACT COMPLIANCE REVIEW
FISCAL YEAR 2014-2015**

SCOPE OF REVIEW

The following report is based on a “point in time” visit. This compliance report addresses findings noted during the February 2015 review. The purpose of this review was to assess Bourne Group Home’s (the Group Home’s) compliance with its County contract and with State regulations and included a review of the Group Home’s program statement, as well as internal administrative policies and procedures. The compliance review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, five placed children were selected for the sample. The Contracts Administration Division (CAD) interviewed each child and reviewed their case files to assess the care and services they received. Additionally, four discharged children’s files were reviewed to assess the Group Home’s compliance with permanency efforts. At the time of the review, three of the sampled children were prescribed psychotropic medication. The children’s case files were reviewed to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

CAD reviewed five Group Home staff files for compliance with Title 22 regulations and County contract requirements, and conducted a site visit to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

CAD found the following two areas to be out of compliance.

Licensure/Contract Requirements:

- Vehicles were not maintained in good repair.

One of the Group Home vehicles was in need of maintenance. During the vehicle safety inspection of a 2005 Dodge Grand Caravan, CAD observed the right side sliding door rail was broken, as well as the inside door handle.

The Group Home staff initiated repairs to the vehicle and the vehicle was taken to a certified mechanic for repair.

At the Exit Conference, the Group Home Administrator demonstrated the parts had been ordered and the vehicle was at the shop for repair. On March 20, 2015, the Out-of-Home Care Management Division (OHCMD) verified the vehicle was in good repair. CAD received confirmation of this repair on March 24, 2015.

Recommendation:

The Group Home's management shall ensure that:

1. Vehicles are maintained in good repair.

Facility and Environment

- Common areas were not well maintained.

Group Home Site #2 had a foul odor in the common quarters of the home at the time of inspection. The Group Home representative stated this would be brought to the attention of the Group Home Administrator.

CAD met with the Group Home Administrator after the inspection at Site #2 and he indicated that they were already aware of the issue and had made contact with their maintenance contractor for immediate repair and cleaning of the home. There was a leak in the drainage under the Group Home that caused the smell. The leak was fixed and the carpet was cleaned and deodorized. CAD conducted a follow-up visit to this Group Home on March 5, 2015 and confirmed the odor was eliminated.

- Children's bedrooms were not well maintained.

Group Home Site # 1 had a broken closet door in one of the children's bedrooms. CAD also noted that the plumbing in one of the children's room was shut off because the sink was leaking. As a result, the water temperature in this particular bathroom could not be tested. The Group Home initiated immediate repair of these findings.

Upon re-inspection of the home on March 5, 2015 it was observed that the closet door was fixed, the master bathroom plumbing was fixed and both sink and shower had appropriate temperature running water.

- Adequate perishable and non-perishable foods were not maintained.

Group Home #1 had four packages of powdered gravy and four cans of vegetables with expiration dates in 2013. This was brought to the Group Home staff's attention and the expired items were immediately discarded.

During the Exit Conference, the Group Home representative stated that they will ensure that the Group Home staff adheres to their protocol of noting the purchase and expiration dates on the food containers.
